"Finalist of the "Best New Business" and " Entrepreneur of the year" Kingston Business Awards 2010"

Commercial LPG, Domestic (Residential) LPG Service Engineers

Advanced Professional Plumbing & Heating Services offers a range of LPG engineering services for new and existing customers. Advanced Professional Plumbing & Heating Services does both commercial and residential types also we do System upgrades, If you want to have boiler fitted you need to remember our name Advanced Professional Plumbing & Heating Services - your LPG condensing & combination boiler fitters and specialists.

Using Gas Safe (corgi) registered gas engineers, LPG registered experts such as Advanced Professional Plumbing & Heating Services is essential. Most manufacturers will not honour their warranties if you use engineers who are not Gas Safe (corgi) registered with LPG qualifications. You may not be able to claim on your household insurance.

Our specialist also have all the tickets and qualifications to work on :

LPG heating & gas services

- LPG boiler installation replacement, repair, maintenance, fault finding
- LPG central heating replacement, repair, maintenance, fault finding
- LPG fire replacement, repair, maintenance, fault finding
- All LPG appliances annual service, landlord safety check
- LPG for mobile homes, caravans, catering

Advanced Plumbing and Heating Services has trustworthy LPG plumbing and heating engineers as well as LPG installers who can fit LPG boiler for you. LPG system can sometimes be better than electric system as it can help you save your electricity bill. We've been using too much electricity energy for years now it's the time for all of us to try to help the world save energy otherwise we will experience more serious environmental problems. Who knows? We may end up being with no electricity at all? Let's start it today sooner than rather.

Our LPG services cover :
